Dear Hotelier of Zanzibar,

It is with great pleasure to introduce you to the official Hotel Association of Zanzibar (HAZ).

Who we are?

HAZ was established in June 2021 by experienced professional hoteliers to become the official association for the hotel and hospitality sector in Zanzibar.

The hotel sector is the primary contributor to the growth and sustainability of the Tourism industry in Zanzibar and HAZ will continue to play its role with government and all stakeholders in creating a more robust investment and commercial environment. Supporting local communities and protecting the environment as the catalyst for sustainable transformative change and socio-economic advancement.

Benefits of joining HAZ?

- to connect with other industry professionals and establish valuable relationships
- provides members with access to industry-specific information and resources, including market research and trends, legal and regulatory updates and training programs.
- advocate for the interests of the hotel industry and work to promote policies that support the growth and success of hotels. We also provide representation for hotels at the local, national and international levels.
- to play a part in forging a stronger and more resilient hotel and hospitality sector, through; proactive networking, collective marketing, global promotion, increased national competitiveness and profits.
- The very assets we have invested in as a Hotel and Hospitality sector are the People and Natural assets of the nation and our aim in HAZ is to strengthen this for the benefits of all concerned and to promote this globally as a competitive value.
- Affordable Fee Structures

Attached is the information required for HAZ membership and please do not hesitate to contact us for any further information or clarity required. We very much look forward to a long and fruitful relationship for the benefits of your hotel and help together to drive a stronger hotel sector for Zanzibar.
